### DO NOT LISTEN TO RUMOURS

- Stay tuned to your local radio television stations for official hurricane advisories.
- Stay at home if your house is sturdy and on high ground. If not, move to a friend's house or to a designated shelter.

# Hurricane Preparedness Tips for Home

Hurricanes can be dangerous. Listening to the hurricane advisories and planning ahead can reduce the chances of injury or major property damage.

## BEFORE

- ◆ Know your Emergency Shelters
- ◆ Have **DISASTER SUPPLIES** on hand
- ◆ Protect your windows
- ◆ Trim trees
- ◆ Clear drains
- ◆ Review home and auto insurance
- ◆ Make arrangements for pets and livestock
- ◆ Develop an **EMERGENCY COMMUNICATIONS PLAN**

## DISASTER SUPPLIES:

- ✓ Flashlight + extra batteries
- ✓ Portable battery-operated radio + extra batteries
- ✓ First Aid Kit
- ✓ Nonperishable (canned) foods and water
- ✓ Nonelectric can opener
- ✓ Essential medicines
- ✓ Cash
- ✓ Sturdy shoes

## HURRICANE WATCHES & WARNINGS

### DURING A HURRICANE WATCH

- Listen to the radio for advisories.
- Check emergency supplies.
- Fuel vehicle, check oil, water, tires.
- Bring in outdoor items such as lawn furniture, toys and garden tools and anchor objects that cannot be brought inside.
- Secure buildings by closing and boarding up windows.
- Remove outside antennas and satellite dishes.
- Turn refrigerator and freezer to coldest settings. Open only when absolutely necessary and close quickly.
- Store drinking water in clean jugs and bottles.

### DURING A HURRICANE WARNING

- ◇ If you need to evacuate your home, lock up your home and go to the nearest shelter.
- ◇ Take blankets and sleeping bags to shelter.
- ◇ Listen constantly to radio and television for official instructions.
- ◇ Store valuables and personal papers in waterproof containers on the highest level of your home.
- ◇ Stay inside away from windows and glass doors.
- ◇ Keep a supply of flashlights and extra batteries handy. Avoid open flames such as candles and kerosene lamps as a source of light.
- ◇ If power is lost, turn off major appliances to reduce power surge when electricity is restored.

### Before leaving home...

- ✓ Fill containers with water. Supply may be needed upon return.
- ✓ Shut off water, electricity and gas. Properly anchor gas tank outside.
- ✓ Lock windows and doors.
