Maya Island Air will start flying to Cancun, Guatemala City, and Honduras next month. The airline announced that it is going regional on July 8th. That's when the airline will begin flying two return trips to Cancun daily and daily roundtrips to San Pedro Sula Honduras and Guatemala City.

It is easy to get to Cancun on holiday charter flights, but also easy to get to Cancun from Mexico city. Mexico city has many international connections, so people coming from Europe now have a way to get to Belize without all the eye scanning, fingerprinting, lack of transit facilities, and just general chaos that having to travel through the USA, when you don't actually want to go there at all, generates.

Sometimes Aerocaribe (<http://www.aerocaribe.com.mx/>) will fly from Cancun to Chetumal. Aerocaribe is very sporadic with that flight. Contact them and see if that flight exists currently.
