

I am planning my 60th b-day celebration in AC. I am an avid Bud Light drinker and have been told that Bud is illegal on the island. Is this true?

From a friend...

At this time it looks so. I was in the customs office today and they were logging a part that I was shipping to the US, the whole page was listed with beer seized as contraband, mainly from tourists. Every time I sail back from Guatemala the only thing they care about is did I bring back any beer; smokes, food and liquor they don't care about.
