No computer, no e-mail at the post office. The phone number I have for the PO is as follows - 206-2260.

Just in case you don't know what to expect time-wise - 2 weeks from US or Canada to Belize, then recipient needs to call for the mail, then the receipt is sent back. I'd give it at least 5 weeks for this process.

You might want to send again but this time via Fed Ex. They track and verify. Costs more, but worth it. They will need a physical address and a phone number to do so. If you don't know recipients physical address, they can make one up since there is no delivery anyhow. You will need a phone number though, so that Fed Ex can alert the recipient that the package has arrived.
