

I will come to Belize by car from Guatemala and back. What I need and where is the Carpark during my stay in San Pedro or Caye Caulker?

You will need to keep the car on the mainland, say Belize City or Corozal. There are no places on the islands to park cars. You can just leave your car in the parking lot at Municipal Airport, it is the smaller airport in downtown Belize City, for a few nights at a time. No charges for that.
