

Bicycle traffic laws

Marty Casado Thu, Jan 17, 2019 [Bicycles](#) 0 4107

All bicyclists have to observe the traffic laws the same as all road users.

People who ride bicycles are reminded that they should obey the rules of the road just like vehicles, You should STOP at stop signs, you should not ride up stop and you should not cut across traffic or ride on the sidewalks. There have been some incidents recently that could have had a bad outcome, so before there is a serious accident the traffic wardens will be EDUCATING bicycle riders. Thank you.
