Hi sir/madam. I am celebrating my bday in Belize and taking all the family. Any tips and activities to do with a 6 month baby?. Thank you.

Hi Miguel, there are some fun things for kids downtown, ceramic animals, maybe too big for your baby to crawl on, but they will enjoy looking at them. Fun in the sand, playing in the water at the shore, lots of fun things to look at. I bet they would enjoy soar trips also. If you need a babysitter at all I could ask some friends....
