Following a serious incident on Angel Coral Street Friday night, the San Pedro Traffic Department will now be strictly enforcing the Motorcycle helmet laws.

Despite repeated requests by the Mayor on Reef TV about the wearing of helmets and the carrying of small children on Motorcycles, and the pressure from the traffic wardens, people still ignore the advice given. As always it takes an incident such as this to show people the reason for regulations and laws .

The law will be enforced with no exceptions; all persons traveling on a motorcycle must wear a motorcycle helmet and no more than two (2) persons on the motorcycle. Motorcycle owners, this is for your safety and the safety of the passenger.
