

Getting or replacing a Belize Drivers License

Article Number: 456 | Rating: Unrated | Last Updated: Tue, Oct 25, 2016 7:39 AM

After my last move I somehow could not find where my Belize drivers license got packed and I searched high and low to no avail. I happened to explain the situation to one of my traffic police friends and he told me exactly what to do to order a replacement.

I had to go to the police station and fill out a form and pay \$8.00 then bring it back to the traffic department. This was so they had a police verified record on file of why I did not turn in my old license, which is a requirement to get a new one. Following that I went back to the traffic department ground floor of the [San Pedro Town Council](#) office and handed them the form. They immediately started processing my request and had me go upstairs to the cashier to pay for a new license.

Surprisingly from the time I found out what my next step was till I had my new license in hand was 20 minutes. I did not face one line up and I was able to use the same picture from the old one – I had felt like it could have easily been a mugshot day ha ha.

Wondering if you qualify for a Belize Drivers License?
