

School crossings

Article Number: 495 | Rating: Unrated | Last Updated: Thu, May 11, 2017 1:03 PM

Note that the speed bump that is across the road from Tropic to Sancas, is a pedestrian crossing, the children have told us that they are scared to use it because drivers do not stop for them. This is totally unexceptable, Children are to be given priority when they want to cross the street at this point and all other crossings. We will be placeing signs at these crossing soon, Thank you for you co-operation.

Not all school crossings are marked, so if you see a student, stop an let them cross, or anyone also, just saying, especially round the schools.
