

Ferry times

My husband and I fly into Belize at 4:00pm, and have to go thru customs and then taxi to the ferry. What is the latest ferry that will run that we can get tickets for? Are there other options if we can not catch a ferry with you on that day and time. I'm assuming 5:30 is the earliest we can get to the ferry dock?

Hello, You can check with the ferry companies, such as Belize Water Taxi and Ocean ferry:

And see how late they run. If they know you are coming that would help. Also, you could either take a flight from the International Airport, or stay overnight in Belize City and catch a ferry in the morning.

Have Fun!
