

Should I obtain a Sport Fishing License from CZMAI web site or locally on AC

It is by law now here in Belize to obtain a sportfishing license for all tourists intending to come and sport fish. It is better to buy it here while on the island. You can do that at the Tres Pescados office on Pescador Drive in San Pedro or you can get it at the Fisheries Department. You can buy a one day license or a week's or for the year.
