

Do you know of any private docks that we could rent that would accommodate a 36' catamaran, 18' wide, for a week or two in March?

Draft is more of a consideration than length or beam. Belize Yacht Club can easily hold that size and has the depth and they should be your first contact; most other private docks in town are already full. We (TMM Yacht charters) unfortunately don't have any space as we're quite busy and already have to anchor out some of our boats.
