

Are there ATM's?

Marty Casado Wed, Apr 1, 2009 [Banks](#) 0 39412

All four banks have ATMs at most of their branches. For example, Belize Bank has ATMs at nine of its eleven branches.

You can use your ATM/Check card to get cash (in Belize) from the Belize Bank or First Bank. It works 24/7. You do have to put your card in a slot to open the door to the machine. Also, banks and other major retailers and shops accept. But there is a service charge that varies. Remember, that's Belize \$, so if you put in \$20, you get \$20 Belize.

There is a daily limit on withdrawals, \$500 Bdz per day.
