

Can I import solar panels to Belize?

Marty Casado Thu, Feb 28, 2019 [Shipping](#) 0 6670

Yes you can but to avoid taxes you must bring an entire system. Panels, controller, inverter and batteries. Batteries are your largest savings but realize you will have a significant load to transport.

SESB has great quality solar panels, inverters, and batteries. They are near Teakettle, just west of Belmopan. They are a very reputable company with knowledgeable and experienced owners and technicians. They offer service plans for their installed systems to ensure all equipment is running at peak performance.
